# 2014 ANNUAL REPORT

Tides Canada’s mission is to provide uncommon solutions for the common good by helping Canadians secure a healthy environment in ways that promote social equity and economic prosperity.

We accelerate positive change, achieve greater impact, and advance solutions across the country by bringing giving, investing, and doing under a single roof.

Common Good.**

# From the President & CEO

**Tides Canada is charting a course of action to accelerate positive change and achieve greater impact.**

We have a history of milestones and lessons learned from achievements like coordinating the landmark financing for the Great Bear Rainforest agreements and building a unique shared platform to power social change initiatives across the country. With the experience, knowledge, and relationships we have built over the past 15 years, we are, today, in a unique position to tackle complex existing and emerging environmental and social challenges in Canada.

Even as we hold a long-range view to effecting change, we know that the right wheels need to be set in motion early on. This starts with building relationships of trust with the communities, donors, and stakeholders with whom we work across the country. It also means **cultivating new**

**partnerships** and **exploring new opportunities for collaboration**. This past year, we were proud to partner in:

- The creation of the Ontario Indigenous Youth Partnership Project, supporting the engagement of indigenous youth through activities that promote environmental and social well-being;
- The development of a pilot project with the Government of the Northwest Territories and other local stakeholders, using funder collaboratives as a model for on-the-land programming to benefit communities; and
- An initiative to lead research and help Canadian charities align investment with mission using the Social Venture Connexion (SVX) platform, part of an international collaboration with MaRS Centre for Impact Investing and the governments of Ontario and California.

We want to maximize social value from every charitable dollar by **championing new and creative impact investing opportunities**. We introduced ChangeCapital, an innovative approach to philanthropy that generates both financial return and social good. Our shared platform remains a unique offering in the charitable sector, **amplifying the work of our social change projects on the ground**. Last year, we welcomed Dene Nahjo, Northern Youth Leadership, BC Food Systems Network, IndigenEYEZ, and Slave River Coalition to our shared platform.

New members joined our leadership team—Peter MacLeod to our Board of Directors, and Elissa Beckett, Vice President, Development and Strategic Initiatives, and Anne Marie Johnston, Vice President, Information Systems and Communications, to our Executive Team. We also expressed our gratitude to three founding Board Members who stepped down in 2014: Alan Broadbent, Drummond Pike, and Joel Solomon.

At Tides Canada, we're working every day to build a better future for Canadians. You've helped us get this far. Your continued support has never been more important. Thank you for your trust in us.

Sincerely,

Ross McMillan  
President & CEO

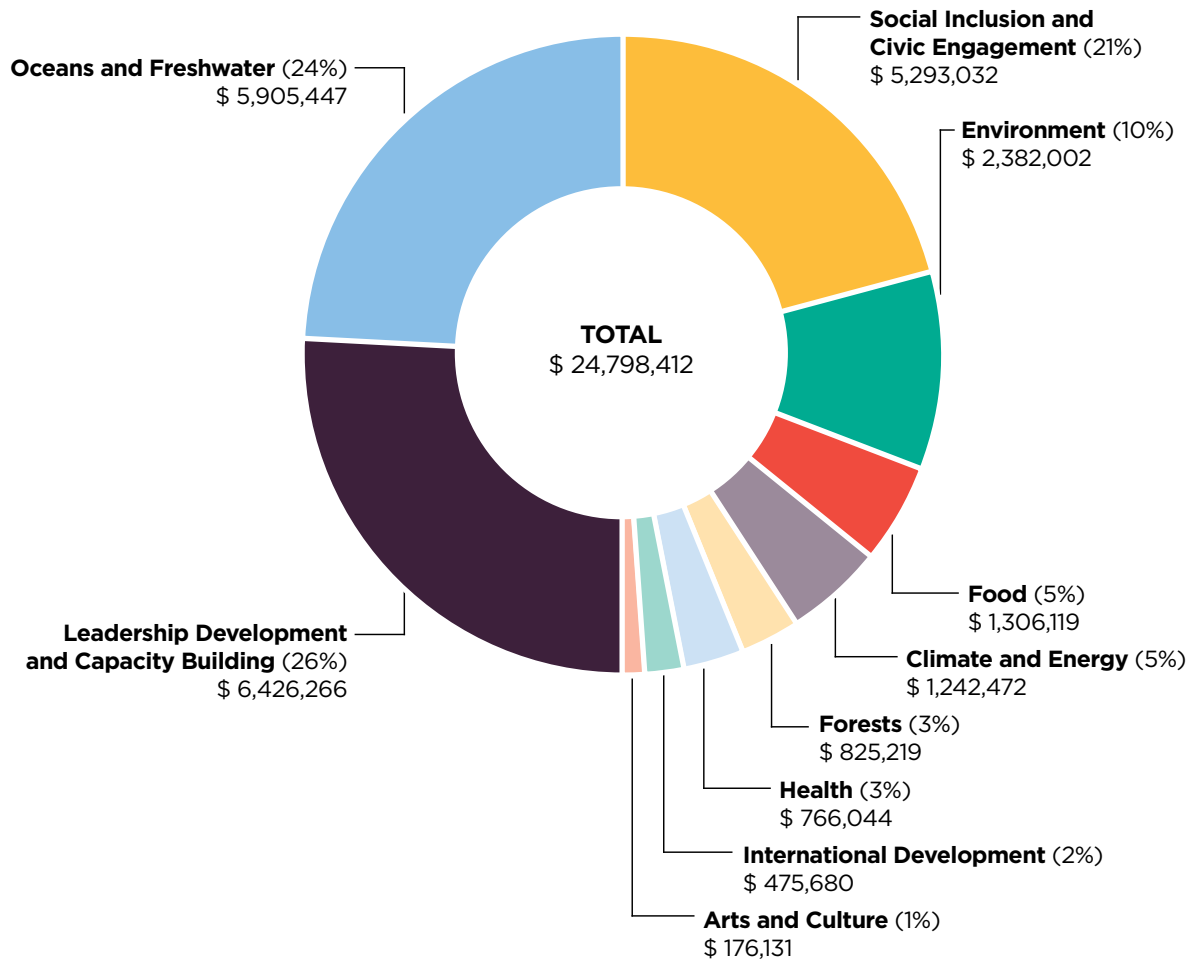

# Grants & Activities

Tides Canada is dedicated to a healthy environment, social equity, and economic prosperity for all Canadians.

By bringing giving, investing, and doing under a single roof, Tides Canada is able to support people in building healthy, vibrant communities that have the social, economic, and natural capital to steward their environments for generations to come.

The following is a summary of Tides Canada grants, programmatic activities, collaborations, and project expenditures in 2014 by issue area.

View more details on grants and activities, including purposes and amounts, in the 2014 Annual Report Appendix.

# Tides Canada Projects

Tides Canada’s shared platform powers a range of social change projects across Canada. Tides Canada pioneered the shared platform model in Canada, recognizing that effective solutions to complex problems are often found at the grassroots level. By providing shared capacity and resources, we bring passionate and like-minded people together—all working on important challenges facing Canadians—to be more effective in their work and achieve greater impact.

In 2014, Tides Canada welcomed five new projects to its shared platform.

# Financial Results

Tides Canada is home to Tides Canada Foundation (TCF) and Tides Canada Initiatives Society (TCI). The following provides a summary of the combined 2014 financial results for Tides Canada.

## Funds

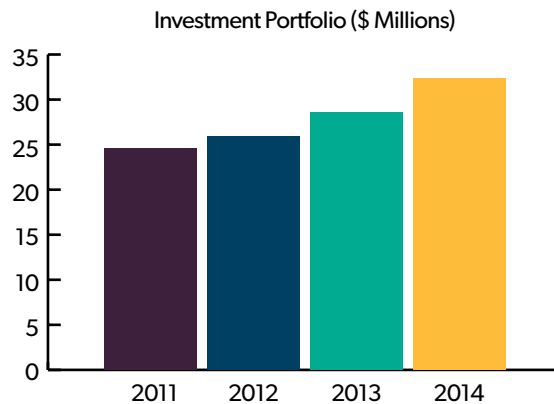

Funds held by Tides Canada totalled \$39.1 million at the end of 2014. These funds consist of externally restricted funds, endowment funds, and general funds, which include donor advised funds. The externally restricted funds are for specific charitable activities.

## Investments

Tides Canada invests its funds following its Investment Policy, which considers environmental, social, and governance performance. The pooled funds are managed by an independent investment firm.

Tides Canada's Board Finance and Investment Committee monitors the performance of the investment managers and asset mix against benchmarks established in Tides Canada's Investment Policy.

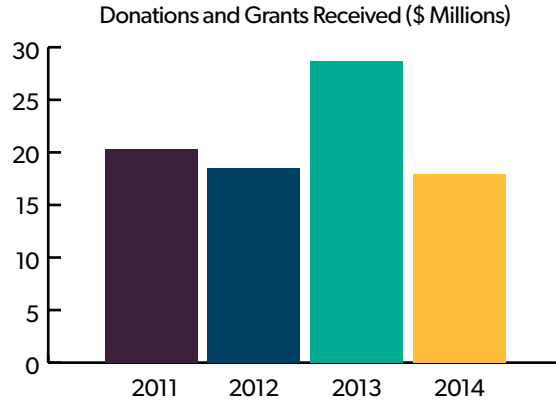

View complete audited financial statements here: <http://tidescanada.org/about/reports/>

# Financial Results

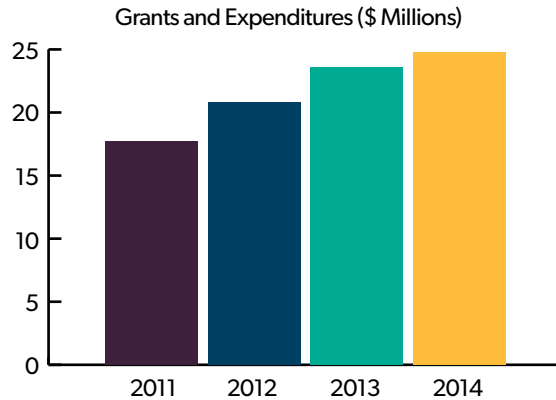

## Donations and Grants Received

Donations and grants to Tides Canada, which totalled \$17.9 million in 2014, generally fall into one of three broad categories: donations and grants via funding agreements for specific program or project activities; one-time or periodic donations; and donations to our donor advised funds.

## Grants and Expenditures

Grants and program/project expenditures continued to grow in 2014, totalling \$24.8 million.

## Operations

Tides Canada is managed by a team working in our Vancouver and Toronto offices under the direction of the President & CEO. In addition to providing philanthropic support and managing the donations and grants of the organization, Tides Canada's staff oversee social change projects across the country. Tides Canada covers its operating costs through overhead allocations from project revenue, fund administration, philanthropic consulting, investment income, donations, and core support grants.

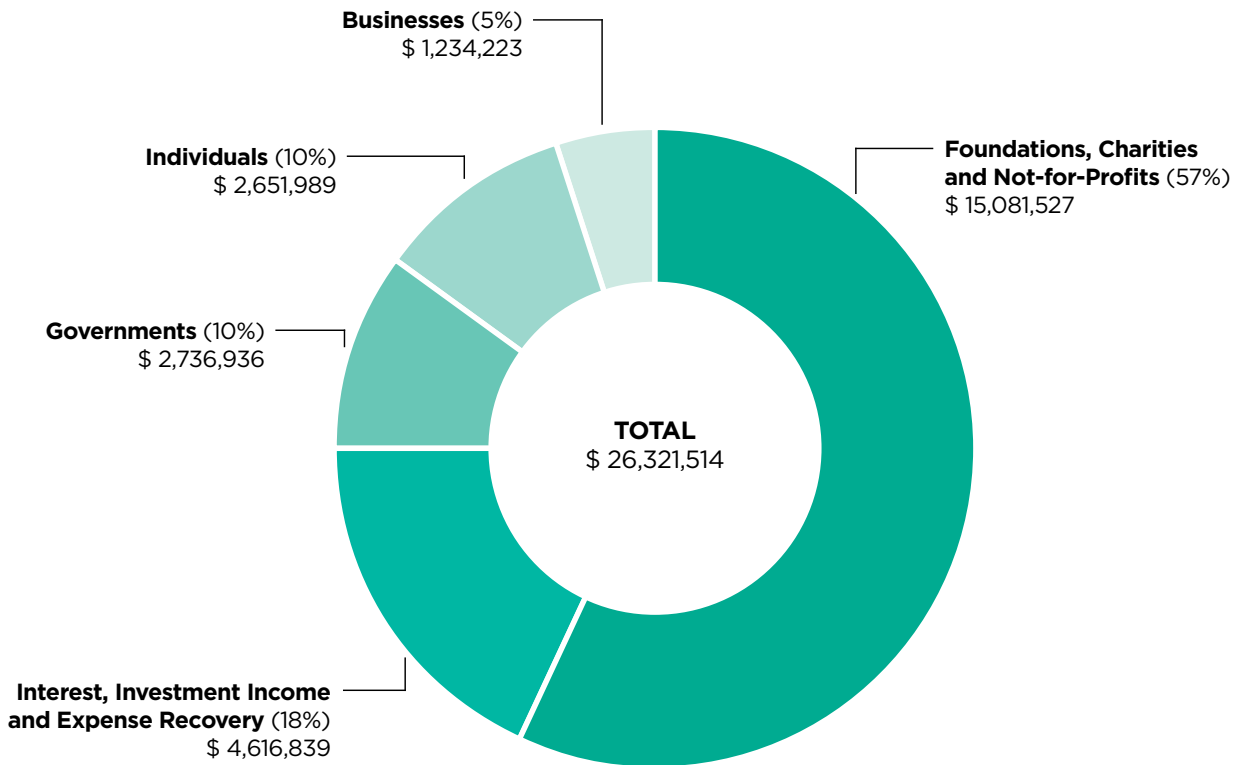

# Financial Results

## Revenues

The following is a breakdown of Tides Canada revenue sources in 2014.

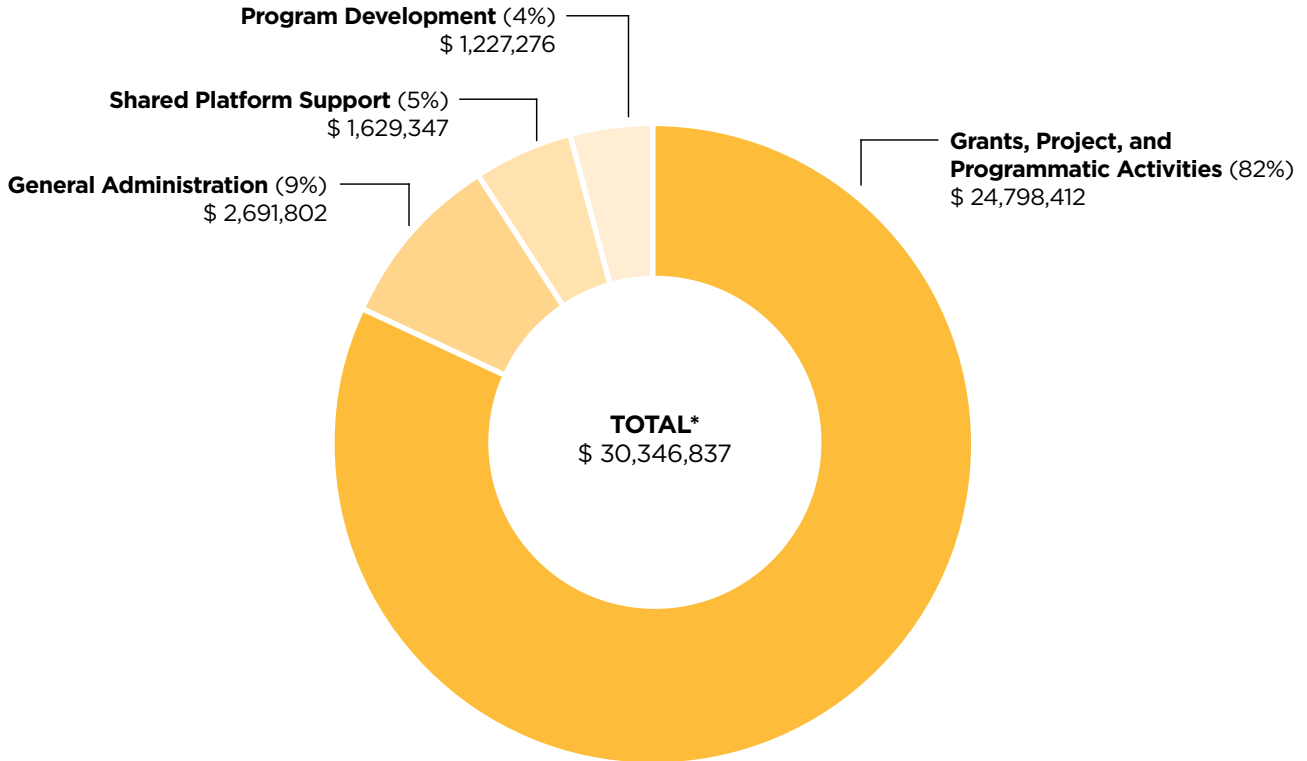

# Financial Results

## How We Applied Our Funds

The following is a breakdown of Tides Canada expenses in 2014.

\*In 2014, Tides Canada spent \$160,784 (\$14,156 in TCF and \$146,628 in TCI) on allowable political activities, as defined by the Canada Revenue Agency (less than 1% of Tides Canada's combined total expenditures). A total of \$468,355 (\$225,854 in TCF and \$242,501 in TCI) was spent on fundraising, as defined by the Canada Revenue Agency.

Tides Canada is dedicated to a healthy environment, social equity, and economic prosperity for all Canadians.

We collaborate with both donors and social change leaders, offering a platform for on-the-ground efforts to create uncommon solutions for the common good.

Since 2000, we have worked to build bridges between and among sectors, steering more philanthropy into innovative efforts to address tough environmental and social challenges.

Tides Canada is accredited under Imagine Canada's Standards Program that recognizes charities and nonprofits for excellence in governance, management, and transparency.

Tides Canada comprises two associated organizations: Tides Canada Foundation (BN 868947797 RR0001), the country's largest public foundation dedicated to environmental and social issues, and Tides Canada Initiatives Society (BN 130560188 RR0001), an operating charity that powers social change projects ranging from neighbourhood-scale initiatives to national conservation efforts on a shared platform.
